ATTN: OFFICE OF PETITIONS

**PETITION TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE OFFICE COMMUNICATION**

Sir:

Pursuant to 37 CFR §1.181, MPEP §711.03(c)(II), and the Court's holding in *Delgar v. Schulyer* 172 USPQ 513 (D.D.C. 1971) Applicants hereby petition for withdrawal of the holding of abandonment based on a failure to receive an office communication setting a period for response. A Notice of Abandonment was mailed on September 30, 2002 for failing to respond to a Notice to File Missing Parts that Patent Office records indicate was mailed on June 29, 2001, but was never received by Applicants' attorneys. Consistent with *Delgar v. Schulyer*, Applicants respectfully request that the holding of abandonment be

✓
withdrawn and a new Notice to File Missing Parts be issued setting a new period for response.

Applicants respectfully request consideration of this petition on its merits although it is being filed more than 2 months from the date of mailing of the Notice of Abandonment since an appropriate terminal disclaimer is enclosed to avoid any patent term extension that may otherwise apply due to prosecution delay caused by the treatment of the application as abandoned as described in MPEP §711.03(c)(I).

Applicants have enclosed a statement and corroborating evidence to establish nonreceipt of the Notice to File Missing Parts consistent with the showing required by the Notice entitled "Withdrawing the Holding of Abandonment When Office Actions Are Not Received," 1156 O.G. 53 (November 16, 1993). In particular, enclosed is a statement of John D. Russell, the responsible practitioner, that the Office communication was not received and that a search of the file jacket and docket records indicates that the Notice to File Missing Parts was never received. A copy of the docket record where the Notice to File Missing Parts would have been entered had it been received is also attached and referenced in Mr. Russell's statement. The actions taken since receiving the Notice of Abandonment are also described.

No fee is believed to be due for this petition according to MPEP §711.03(c)(I). However, any required fee may be charged to Deposit Account 06-1510. The Examiner is respectfully requested to telephone the undersigned to discuss any additional information or evidence needed to grant this petition, or any reasons for denying this petition.

Respectfully submitted,

**DECLARATION OF JOHN D. RUSSELL IN SUPPORT OF
PETITION TO WITHDRAW HOLDING OF ABANDONMENT**

FAX RECEIVED

DEC 17 2002

I, John D. Russell, declare:

PETITIONS OFFICE

1. I am the registered practitioner responsible for the above-identified patent application.
2. I first became aware that the instant application was considered abandoned when a Notice of Abandonment was received on October 8, 2002 (mailed 9/30/02).
3. I promptly searched the file jacket and computer docket records for the instant application looking for a Notice to File Missing Parts as referenced in the Notice of Abandonment, but found none.
4. My administrator promptly contacted the U.S. Patent Office and was directed to Ms. Patricia Ball in the Petitions Office. Ms. Ball ordered the file and returned the call on October 28, 2002. Ms. Ball then faxed a copy of the referenced Notice to File Missing Parts (Attachment A), which indicates that it was mailed on June 29, 2001 with a due date of August 29, 2001.
5. The docket report entitled "Report Terms" and dated 7/24/01 (Attachment B) details the cases having outstanding Notices to File Missing Parts with due dates in August and September, 2001. If the

referenced Notice to File Missing Parts had been received, it would have been docketed by the report date (over 3 weeks later) and would have been listed on this report with the other applications having Missing Parts due on August 29, 2001.

6. As seen in the "Report Terms", the instant application does not appear—indicating that a Notice to File Missing Parts was not received by applicants.

I declare under the penalty of perjury that the foregoing is true and correct.
